RETINOID

AlphaRet® Overnight Cream 
(mild-to-moderate photodamage)

OR

Intensive AlphaRet® Overnight Cream 
(moderate-to-severe photodamage)

As you would with any changes to your skincare regimen, we recommend adding one new product at a time, slowly and gradually adding onto your regimen as your skin adjusts.

Sunburn Alert: AlphaRet Overnight Cream and Intensive AlphaRet Overnight Cream contain an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards. **Caution:** AlphaRet Overnight Cream, Intensive AlphaRet Overnight Cream and EyeMax AlphaRet Overnight Cream contain retinoid in a topical form. If you are pregnant, lactating or planning to become pregnant, consult a physician before use.

ENHANCING ADD-ONS

AlphaRet® Exfoliating Peel Pads

may be used up to 3X per week in the evening to boost your skin**better** glow

Techno™ Neck Perfecting Cream

to visibly improve aging skin of the neck and décolleté

InterFuse® Treatment Cream FACE & NECK

to help reduce the appearance of skin sagging, lines and wrinkles

Sunburn Alert: AlphaRet Exfoliating Peel Pads contain alpha hydroxy acids (AHAs) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing and limit sun exposure while using these products and for a week afterwards. **Caution:** AlphaRet Exfoliating Peel Pads contain retinoid in a topical form. If you are pregnant, lactating or planning to become pregnant, consult a physician before use.
