RETINOID

AlphaRet® Clearing Serum

As you would with any changes to your skincare regimen, we recommend adding one new product at a time, slowly and gradually adding onto your regimen as your skin adjusts.

Sunburn Alert: AlphaRet Clearing Serum contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards. **Caution:** AlphaRet Clearing Serum contains retinoid in a topical form. If you are pregnant, lactating or planning to become pregnant, consult a physician before use.

EYE PRODUCT ADD-ONS

Instant Effect Gel EYE

to reduce the appearance of under-eye bags

InterFuse® Treatment Cream EYE

to provide a smoothed and softened appearance

EyeMax AlphaRet® Overnight Cream

for dryness, puffiness, crepiness and under-eye darkness

ENHANCING ADD-ONS

Detoxifying Scrub Mask

may be used up to 3X per week to lightly exfoliate the skin. May be left on for up to 15 minutes as a mask

AlphaRet® Exfoliating Peel Pads

may be used up to 3X per week in the evening to boost your skin**better** glow

Sunburn Alert: Detoxifying Scrub Mask and AlphaRet Exfoliating Peel Pads contain alpha hydroxy acids (AHAs) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing and limit sun exposure while using these products and for a week afterwards. **Caution:** EyeMax AlphaRet Overnight Cream and AlphaRet Exfoliating Peel Pads contain retinoid in a topical form. If you are pregnant, lactating or planning to become pregnant, consult a physician before use.
