(up to 3x per week)

### RETINOID

AlphaRet® Overnight Cream  
(mild-to-moderate photodamage)

OR

Intensive AlphaRet® Overnight Cream  
(moderate-to-severe photodamage)

As you would with any changes to your skincare regimen, we recommend adding one new product at a time, slowly and gradually adding onto your regimen as your skin adjusts.

**Sunburn Alert:** AlphaRet Exfoliating Peel Pads, AlphaRet Overnight Cream and Intensive AlphaRet Overnight Cream contain alpha hydroxy acids (AHAs) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards. **Caution:** AlphaRet Exfoliating Peel Pads, AlphaRet Overnight Cream and Intensive AlphaRet Overnight Cream contain retinoid in a topical form. If you are pregnant, lactating or planning to become pregnant, consult a physician before use.

## EYE PRODUCT ADD-ONS

### InterFuse® Treatment Cream EYE

to provide a smoothed and softened appearance

**AND**

### EyeMax AlphaRet® Overnight Cream

for dryness, puffiness, crepiness and under-eye darkness
